## People's Restaurant

About two months ago two young men, Tony Anton and Arrys Poulos, came here, rented a room in the Orear Building and opened a modern, up-to-date restaurant for ladies and gentlemen. Their success has been astonishing. Coming to a town already well supplied with hotels and restaurants they have in the short time mentioned built up the best trade in the city.

The Peoples Restaurant is handsomely furnished and is conducted strictly in city style. The room was repainted, repapered and redecorated, and then furnished with new furniture throughout. The lunch counter extends along one side of the room and is separated from the dining room by a handsome partition also running the entire length of the room. The arrangement of lunch counter, partition and dining room is such as to facilitate the quickest possible service. No time is lost waiting on customers. Rapid service is a specialty and no one has to wait long for his meals at the Peoples' Restaurant.

Like the service the cuisine is up-to-date. Everything is served in season and the bill of fare compares favorably with that of similar restaurants in the large cities. One particular is the frying of pancakes in public view. The gas plate on which this is done is in the front window and everyone has an opportunity to see just how his cakes are prepared.

The proprietors and waiters are nice affable gentlemen who endeavor to give value received in return for service rendered the public. No restaurant in the county serves meals in more appetizing style than does the Peoples' Restaurant.

Don't miss the sale of Merchants and Manufacturers samples Wednesday, March 22nd at Y. M. C. A. Building.

On the flower table, among other things, will be 200 young cherry trees and 500 plants of privet hedge. Also there will be canna and gladioli tubers, roses and all sorts of seeds in packages and many cut flowers.

The candy table is to be especially well stocked. The local firms have responded well and generous samples have been received from candy makers over the country. The Wrigley company has sent 200 packages of its gum, which is to be sold at the candy table.

Columbia bakers have contributed generously to the refreshments. One can get tea, coffee, bullion, rolls, sandwiches and ice cream cones for lunch. The Columbia grocers have written the manufacturers whose goods they carry, and in every case the manufacturers have given substantially to the work.

The results of the work of the Columbia druggists will be found on the drug table in the form of toilet articles, fine perfumes, and cosmetics. The druggists, like the grocers, solicited samples from the manufacturers. Much hardware has been given, such as bread and paring knives and an ice cream freezer. There will be a carpet sweeper, also six oak and leather chairs. On the miscellaneous table will be glass ware, silver polish, china, floor polish, and varnish.

A notion table will display fancy work, neck wear, men's ties and socks, silk hosiery, hat pins, hooks and eyes, collar supports, fancy belt buckles and jabots. For the house wife there will be canned goods, coffee, tea, breakfast foods, pickles, chocolate, baking powder and soaps. For the book lover, new books, also current magazines, Easter cards, prints, calendars, place cards and society stationery. For the children, toys, such as Aunt Jemima climbing dolls, little paper wagons and child's books.

The University girls are to assist with all the booths. Girls from the Kappas will help with the candy booth. The Pi Phis will help Aunt Jemima with her pancakes. The Alpha Phis will sell books and the Kappa Alpha Thetas will assist those in charge of the notion counter. The Delta Gamma will help at the flower table. Other University girls will help at the tea, the coffee, and the National Discuit Company booths.

The Drug Shop is now located at 815 Broadway (Miller's Old Stand), where we invite our friends to call and see us.
